

A 10x10 heatmap visualization of the handwritten digit '4'. The background is a solid red color. The digit '4' is represented by a cluster of yellow and orange pixels. The top of the digit is a horizontal row of yellow pixels. Below this, the digit splits into two vertical strokes. The left vertical stroke is composed of yellow and orange pixels, with a single white pixel at the top. The right vertical stroke is also composed of yellow and orange pixels. The bottom of the digit is a horizontal row of yellow and orange pixels. The overall shape is a stylized, handwritten '4'.
